

Practice news

Going forward there will be a practice manager for each surgery

A respiratory nurse has been recruited

Covid and Flu jabs will be given at the same time

Flu jabs will be offered to over 50s

The jabs will be available late September/October

Problems with text messages not having been sent although the surgery system indicates otherwise have not yet been resolved. Nor have messages being sent out cancelling an appointment after the scheduled time for the appointment

The phone messages for each surgery have been corrected and are now consistent

A question was raised as to whether the NAPP subscription had been paid by the surgery

Discussions took place on future remarking of the parking spaces and suggestions were made to the practice

PPG Only

The situation with the old Facebook page still being visible was raised but unfortunately the owner couldn't be contacted so we have no way of removing it

It was agreed that we need to recruit new members for the PPG and suggestions were put forward as to how to achieve that. These included local publications such as parish magazines and other newsletters. These to be followed up at the next meeting.

A chair and secretary need to be elected but this was held over until such time as we have addressed the membership issues. John Hobson will continue as chair pro tem.
